ANVL-BGPPLUS-AS4-5.6	RFC4893 Section 4.2.3 Pa	age 6 "Processing Received	Updates"										
MUST	Processing Received Updates (OLD-NEW BGP Speakers)  If the number of AS numbers in the AS_PATH attribute is larger than or equal to the number of AS numbers in the AS4_PATH attribute, then the AS path information SHALL be constructed by taking as many AS numbers and path segments as necessary from the leading part of the AS_PATH attribute, and then prepending them to the AS4_PATH attribute so that the AS path information has an identical number of AS numbers as the AS_PATH attribute.
